Leadership

Nadia Smith is the founder and CEO of Athena Federal Solutions, a newly formed Woman-Owned Small Business focusing on digital services and solutions. With more than 25 years' experience providing management consulting and digital solutions across federal government and commercial enterprises, Nadia's passion is enabling people and technology to work together more efficiently and effectively.

Prior to founding Athena, Nadia has held leadership roles in other management consulting companies including Atlas Research, Capgemini Government Solutions, and Booz Allen Hamilton.
